The City of Yreka has entered the 5th year of the 5 year rate increase on water and wastewater utilities. The 5 year plan was adopted by the City to cover the cost of operations and make much needed repairs to the water and wastewater systems. A detailed report of the utility rate study is available online at ci.yreka.ca.us/utilities/utility-billing. The chart to the right shows the new rates that will go into effect on your current utility bill.

Did you know you can pay your utility bill online and sign-up for autopay?

The City's pay by phone feature is the easiest way to quickly pay your utility bill. Simply call (530) 331-9107 to pay your bill anytime, from anywhere, on the go, or at home. You can also visit us at ci.yreka.ca.us and select Pay My Utility Bill to pay online or set-up Auto-Pay. Auto-pay is a convenient way to pay your bill and is automatically withdrawn on the 10th of the month from your Visa or Mastercard Credit or Debit card and helps avoid penalties.

Be Sewer Smart!

Prevent Backups This Rainy Season

Protect your home

Here's how to determine if you are at risk of a sewer backup.

Your home is at risk if, at its lowest level, your home is not at least one foot above the nearest upstream manhole of the sewer main. In some homes, the garage may have a floor drain that also must be assessed in relation to the nearest upstream manhole.

In this photo, the gray house is at risk. The pink house may be at risk if it has a floor drain in the garage. Most likely, the house on the left is not at risk.

This step-by-step property walk-through guide will help you find your sewer lateral, the sewer main and next upstream manhole to help you determine if you are at risk.

DON'T LET YOUR SEWER TURN ON YOU OR YOUR NEIGHBORS

BACKUP BUSTER SAYS:

"DO NOT Pour Fats, Oils or Grease (FOG) down the drain."
