The City of Yreka will be extending the comment period and hosting a second public meeting regarding the Notice of Preparation for the Yreka Travel Center and Hotel Project. The extension is due to the ongoing McKinney Fire which may impact city residents wishing to comment on this project.

The City of Yreka will be the Lead Agency and will prepare an environmental impact report for the Yreka Travel Center and Hotel Project.

The City is inviting public comments regarding the scope and content of the environmental information to be included in the EIR. Any comment from a public agency shall address the scope and content of environmental information that is relevant to the agency's statutory responsibilities, as required by Section 15082(b) of the CEQA Guidelines.

Section 15063(b) of the State Guidelines for the California Environmental Quality Act (CEQA) requires that, if during the Initial Study analysis, the lead agency determines that there is substantial evidence that any aspect of the project may cause a significant effect on the environment, the lead agency shall prepare an EIR. The City determined that an EIR level of analysis was required for specific impact areas based on the Initial Study. Those areas include air quality, biological resources, cultural resources, energy, greenhouse gas emissions, noise, paleontological resources, transportation, and tribal cultural resources. A copy of the Initial Study is available at the City at the address above or on the City's website at: <https://ci.yreka.ca.us/164/Planning>
